Salt Lake City, UT 84114-5801

Dear Doug:

Subject: Lakeview Rock Products Notice of Intention

Thank you for involving the City of North Salt Lake in the review process of the subject project. I have reviewed Lakeview's Notice of Intention at their Beck Street Quarry and have a few comments.

1. Lakeview's plan is to install a three strand barb wire fence along their east property line at the top of the pit. With development on North Salt Lake City's east bench constantly growing, more and more people are in this vicinity hiking or biking. We feel that a more secure fence be installed at this location.
2. There is no landscaping scheduled along Beck Street. I talked to Russell Larson of Herm Hughes and he said that they will probably do some landscaping up front but it was not shown in the report.
3. The landing area below the highwall area all slopes to the east. I am concerned that when this property sells, there will be a lot of regrading that will have to be done to drain the storm water to the west. Again, I talked to Russell and he said that before they sell they will do this if that is what the property owners want.
